Subject: HPNS; Parcel B-1 FOST revised and response to comments

Dear BCT members -

Please find attached the Revised Draft Parcel B-1 FOST (as both "clean" pdf and redline/strikeout in Word). This document was reviewed and commented on by the BCT in March 2015, and the comments and Navy responses are provided as well. The FOST was modified to reflect the IR-10 carveout and the continuation of the groundwater and SVE treatment within that area.

The Navy requests your concurrence on the responses to comments and revisions to the FOST by May 26 so that we can begin the transfer process for this parcel. If you have any questions or concerns, please feel free to contact me, Danielle or Derek.
